Considering net positive cash flows projected from continuing operations in the foreseeable future, market value of the land owned by the Group, continued committed financial support from the Holding Company and access to lines of credit, management believes that the Group will not have any challenge in meeting its financial obligations for the next 12 months from the date of the consolidated financial results.

- 7 Owing to the discontinuance of the hotel operations of the Company during previous year, which was the single largest segment of the Company's business, the Company has evaluated its ability to sustain its operations in the foreseeable future. Considering net positive cash flows projected from continuing operations in the foreseeable future, market value of the land owned by the Company, continued committed financial support from the Holding Company and access to lines of credit, management believes that the Company will not have any challenge in meeting its financial obligations for the next 12 months from the date of the standalone financial results.
